Annexure - A (BDS)

**QUALIFICATION REQUIREMENTS
FOR**

Design, engineering, supply, testing at manufacturer's works, transportation, unloading and delivery at site including insurance & storage, associated civil works including strengthening of PEB structure as required, erection, testing and commissioning at site along with all equipment's, fittings, accessories, foundation bolts (if any), Mandatory Spare Parts and Condition Monitoring Instruments at Prithala (GIS) Substation on LSTK basis.

QUALIFICATION OF THE BIDDER

Qualification of bidder will be based on meeting the minimum criteria specified below regarding the Bidder's Technical Experience and Financial Position as demonstrated by the Bidder's responses in the corresponding Bid Schedules. Subcontractors' technical experience and financial resources shall not be taken into account in determining the Bidder's compliance with the qualifying criteria. The bid can be submitted by an individual firm.

The Employer may assess the capacity and capability of the bidder, to ascertain that the bidder can successfully execute the scope of work covered under the package within stipulated completion period. This assessment shall inter-alia include (i) document verification; (ii) bidders work visit; (iii) details of works executed, works in hand, anticipated in future & the balance capacity available for the present scope of work; (iv) details of plant and machinery, testing facilities, manpower and financial resources; (v) details of quality systems in place; (vi) past experience and performance; (vii) customer feedback; (viii) banker's feedback, etc.

The Employer reserves the right to waive minor deviations if they do not materially affect the capability of the Bidder to perform the contract.

1.1 Technical Experience

The Bidder should have carried out the following:

1.1.1 Bidder must have erected, tested and commissioned one (01) no. of 132kV or above voltage level AIS/GIS[^] bay under a single contract, during last ten (10) years and these bays must be in satisfactory operation[#] as on date of publication of NIT.

1. *# Satisfactory operation means certificate issued by the Employer certifying the operation without any adverse remark.*
2. *^ AIS means Air Insulated Substation/ GIS means Gas Insulated Substation*

In case bidder is a holding company, the technical experience referred to in clause 1.1 shall be of that holding company only (i.e., excluding its subsidiary/group companies). In case bidder is a subsidiary of a holding company, the technical experience referred to in clause 1.1 shall be of that subsidiary company only (i.e., excluding its holding company).

1.2 FINANCIAL POSITION:

For the purpose of this particular bid, bidders shall meet the following minimum criteria:

a) Net Worth for last 3 financial years should be positive.

* Note- The computation of Net Worth will be as per the definition given by section 2(57) of The Companies Act, 2013 which is as follows:

“The aggregate value of the paid-up share capital and all reserves created out of the profits and securities premium account, after deducting the aggregate value of the accumulated losses, deferred expenditure and miscellaneous expenditure not written off, as per the audited balance sheet, but does not include reserves created out of revaluation of assets, write-back of depreciation and amalgamation.”

b) Average Annual Turnover* (AAT) of the bidder for best three years i.e., 36 months out of last five financial years as annualized should be at least Rs. 200 million or equivalent for Package

* Note- “Annual gross revenue from operations/gross operating income as incorporated in the profit & loss account excluding other operative income/ other income”.

c) Bidder shall have Liquid Assets (LA) and/or evidence of access to or availability of credit facilities of not less than Rs. 36 million or equivalent for Project.

* Note- LA shall be computed as per the formula given below:

$$LA = \text{Current Assets} - \text{Inventory}$$

Note 1: - In case bidder is a holding company, the Financial Position criteria referred to in clause 1.2 above shall be that of holding company only (i.e., excluding its subsidiary / group companies). In case bidder is a subsidiary of a holding company, the Financial Position criteria referred to in clause 1.2 above shall be that of subsidiary company only (i.e., excluding its holding company)

The bidder shall furnish documentary evidence in support of the qualifying requirement stipulated as above.

1.3 TECHNICAL PROPOSAL:

Bidders shall submit a detailed Technical Proposal as part of its Technical Bid.

Technical Proposal shall mandatorily consist of the following documents:

- a. Proposed Electrical Layout
- b. Cable Route Layout for making inter-connections with bays indicating cable supports supported by ground mounted structure or trench or combination of both.
- c. Sizing of cable considering de-rating factors
- d. GIS Make and Model along with GIS layout inside Hall.
- e. GIS type test report as per relevant IEC/IS along with action plan for balanced/expired type test reports.

The Technical Proposal will be evaluated based on the marking criteria as given in the table below. Each bidder shall be marked according to the markings provided against each technical parameter in the table below and shall be provided a final marking based on their submission. Bidders securing above 90 points shall be qualified for opening of the Price Bid.

Qualifying in the evaluation of Technical Proposal will be a pre-condition for opening of the Price Bid.

Sno.	Technical Parameters	Allocated Marks
1.	Electrical Layout	20
2.	Cable route layout in accordance with point (b) above	15
3.	Sizing of cable considering de-rating factors	10
4.	GIS layout inside Hall	35
5.	GIS type test report in accordance with point (e) above	20
Total		100
